

1. Put the bracket (J) to the cap (G), then secured by nuts (E)
2. Put the shade (K) to the cap (G), then secured by part (F)
3. Thread the nipple (L) to the bracket, then thread the hex nut (I) to the nipple (L) to adjust the height, then put the metal washer (R), rubber washer (O), glass diffuser (P) and another rubber washer (O) to the nipple (L), then secured by hex nut (I) and finial (Q)
4. Thread the tube (D) to the part (F)
5. Thread the tube (C) to the tube (D)
6. Thread the tube (B) to the tube (C)
7. Thread the swivel (A) to the tube (B)

REMARK: The shade (E), glass diffuser (P), bracket (D) and nipple (L) was separated by another box

Note: when you use the white pleated shade, you need to put the metal to the top and bottom, then fix it by clip
