

PRODUCT DESCRIPTION

Lintel celebrates the quiet monumentality of natural stone in a clean, architectural linear form. Two slabs of travertine extend beyond the LED housing, creating a floating beam of light defined by texture, weight, and restraint. Offered in White Travertine with Natural Aged Brass, Rosso Laterite with Gunmetal, or Titanium Travertine with Antique Bronze, each piece reveals unique color variation and organic character. Available in 48" and 60" lengths, Lintel features selectable CCT from 2700K to 5000K for tailored illumination across contemporary spaces.
