JUNE 2022 INTROS

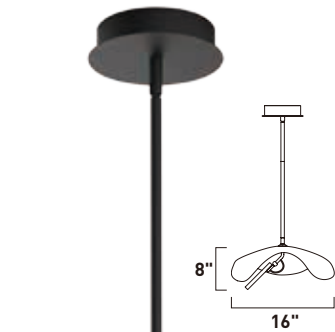

CARMEN

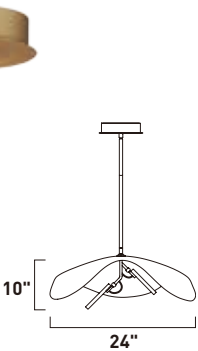

Poetic and organic in design, the undulating form of the metal shade appears to float effortlessly on a slender frame. Abstract discs of LED lighting are encased in round, adjustable heads so that the light can be directed upwards for indirect lighting reflected on the internal white painted face of the shade or the light sources can be rotated downward to provide bright illumination exactly where needed. The simple, sculptural form adds dimension in its scale evocative of a manta ray or the seductive quality of a woman wearing a large floppy hat.

CARMEN

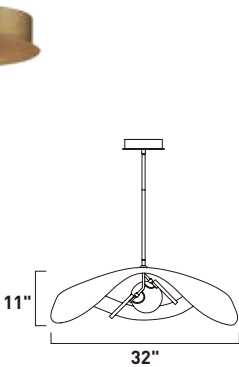

- Abstract undulating metal shades partly conceal light source while reflecting light downward
- Rotatable LED discs direct light where desired
- Available in 3 sizes and 2 finish combinations: White shades with black hardware or Black exterior/ White interior shade with Satin Brass hardware

NODES

Updating the now classic LED ring, in this configuration, large illuminated “nodes” support the ring form while providing additional functional down light. Featuring a CCT selectable switch at the canopy, the collection conveniently allows end users to select from warmer white light to energizing bright white lighting in 5 color temperature options with easy adjustment. The convenience is only matched with its performance. Tested to meet California’s JA8 Title 24 requirements, the LED used in this series has been rated to deliver high lumens per watt and a color rendering index for enhances residential applications and meets the requirements of necessitating commercial projects.

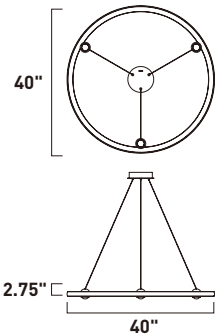

NODES

- CCT Selectable LED integrated rings
- Choose from warm to cool color temperatures that include: 2700-3000-3500-4000-5000K
- Available in Satin Nickel, Matte Black, and plated Gold finishes
- California Title 24 JA8 listed LED products
- Dimmable with Electronic Low Voltage (ELV) dimmers

SONATA

Composed of gently curving aluminum channels in Matte Black that support a patterned translucent acrylic arranged in groups of vertical stripes, this series of pendants and coordinating ADA sconce express a musical quality in brilliant LED light. The wall sconce visibly suggests the shape of a piano, while the pendants return inward where they bend at the ends in an instrumental, elegant shape. A story told in simple forms, the collection is illuminated by dedicated LED light sources concealed within the frames enhancing the translucent undulating slabs of patterned acrylic. Their sculptural form is sure to add wonder to both classical and modern settings.

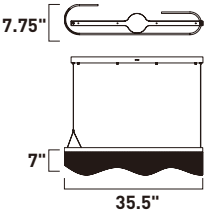

SONATA

- Vertically striped translucent acrylic panes are bent by hand
- Stark contrasting Matte Black aluminum frame
- Integrated LED in a Neutral White 3000K color temperature
- ADA compliant wall sconce
- Dimmable with Electronic Low Voltage Dimmer switches

PENROSE

A cubist work of art, the Penrose collection carefully calculates the structural form of a cube space when corners do not meet. This tracery of this shape is emphasized by its dedicated LED light source housed within aluminum channels and then cast in various directions. Available in Matte Black or Gold, this series is a feat of human engineering in design. Translating a mathematical challenge into a sculptural work of art with the function of delivering light to interior spaces.

PENROSE

- Sculptural engineering where joints do not meet along the outline
- Dimmable LED integration casts light in all directions along the frame
- Cube and rectilinear pendants with coordinating ADA compliant sconce and 24" vanity lighting
- Available in Black or painted Gold

PIERCE

A piercing form with an elongated profile, a series of pendants descend from black wire to tapered metal tubes that recess a high powered LED and illuminate a faceted crystal diffuser. The space within the unique crystal points are etched to capture light within the brilliant facets. Available in Gold or Matte Black, the design complements most modern and transitional interiors. A coordinating ADA compliant wall sconce was designed without the cable to add rigidity to the sconce for public spaces and sealed for use in damp locations.

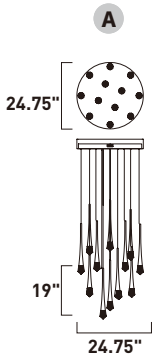

PIERCE

- Unique faceted crystal points with interior etching to capture light
- Tapered metal tubes available in Black or plated Gold
- LED integrated 3000K dimmable
- ADA compliant sconce with elongated profile, perfect for luxurious corridor lighting

RINKLE

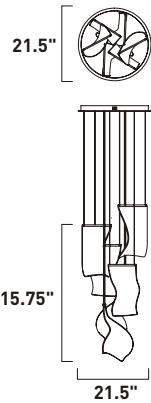

An airy arrangement of abstract forms, the Rinkle pendants feature sheets of transparent acrylic shaped by hand. The light guided acrylic captures the glow of energy efficient LEDs recessed within strips of shining stainless steel, obscuring the source of illumination. Delicately suspended by a series of thin wires, the pendants appear to be floating in an adjustable configuration of weightless light sculpture. Available in Polished Chrome and Brushed Gunmetal, its unique design adds an artistic statement to a variety of interiors with complimentary finishes.

SPAGO

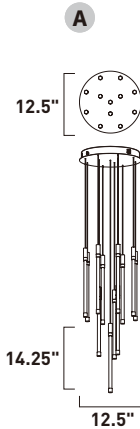

The filament is the essential hallmark to the creation of lighting products. Here, it has been replaced by a chord of LED light with chips tightly positioned for an even, unbreaking line of high performing illumination. Presented in slender tubes of Clear glass with matte black accents, the various configurations of wall sconces and pendants offer a sleek adaptation of industrial lighting design that is more modern, yet suitable for transitional environments.

SPAGO

- Seamless LED filament encased in slender glass tubes
- Matte Black metalwork with black cables
- Warm 2700K LED light emitted

DORIAN

- Slender round profile with rotatable light source
- Available in Gold, Polished Chrome, or Matte Black
- ADA compliant sconces
- Dual mounting sconce applications for single gang or 3-0/4-0 junction boxes
- LED integrated 3000K color temperature

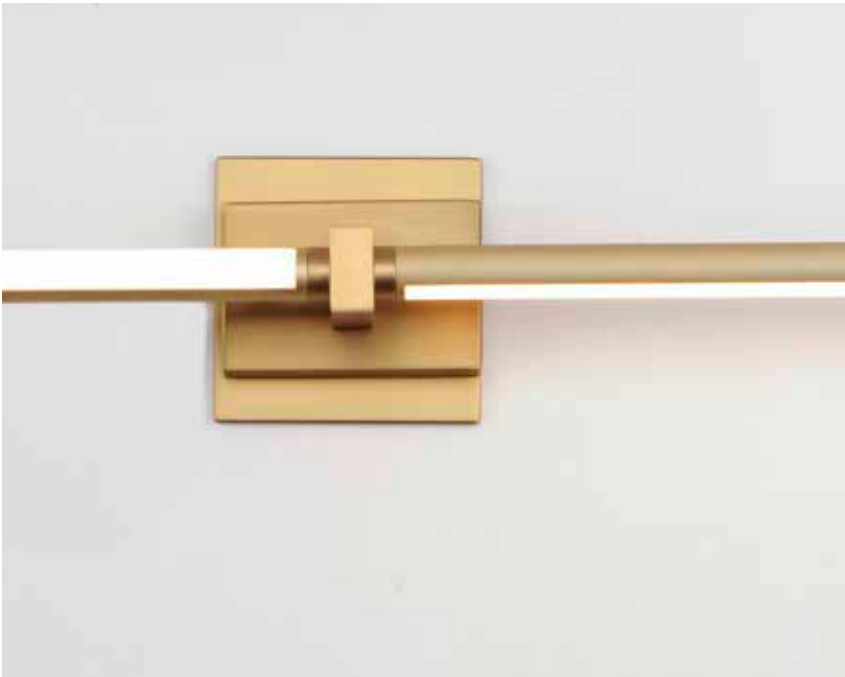

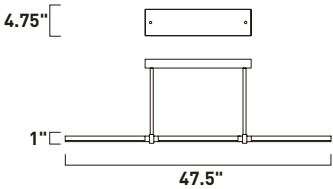

DORIAN

A bold and timeless wall sconce collection, Dorian features a sleek square block support with two cylindrical LED light tubes that extend from it horizontally. These tubes are individually rotatable, allowing the user to position the LED light wherever needed. The collection features linear and vertical pendant configurations of various length with slender profiles that offer a lighting solution that does not obstruct sight lines but rather enhances visibility. The elongated vertical pendants can be used to light lofty spaces. Their rotatable extensions directs the light along areas such as stairwells and can highlight artwork and collectibles displayed at taller heights. The wall mounted products offer similar features with the additional streamlined back plate design that mounts to either a single gang junction box or more common 3-0 or 4-0 boxes with the cover plate included. Use these sconces to light portraits, shelves, or as bathroom vanity lights. They extend less than four inches to even be used in compliance with ADA regulations. Available in Matte Black, Polished Chrome, and plated Gold, this collection is an unobtrusive, handsome design with timeless appeal.

STILLO

The classic teardrop glass shade is elevated in a luxurious collection of pendant configurations using substantially dense glass that are hand blown in elongated forms and curated into various color combinations. Suspended within the long, slender glass is a similarly long and slender socket to illuminate an energy efficient LED G4 lamp at the base of the glass. The slender tube running within the glass also supports the glass with elegantly flat thumb screws in coordinating finishes. Choose from Matte Black metal with Mirror Smoked glass for a moodier ambience, crystal Clear glass that accentuates the thickness of the glass walls paired with transitional Satin Nickel metalwork, or celebrate the design with effervescent Bubble glass and plated Gold metalwork.

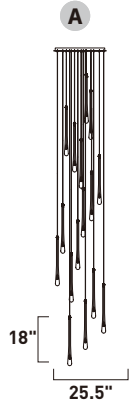

STILLO

- Thick glass shades are Hand Blown in organic teardrop shapes
- Available in a variety of coordinating finish combinations: Satin Nickel with Crystal Clear glass, Matte Black with Mirror Smoked glass, or plated Gold with fizzy Bubble glass
- Dimmable low-voltage LED G4 lamps provided
- Neutral White 3000K Color Temperature

ECHO

Surrounded by a metal drum shade in a variety of sizes and finishes, an internal shade constructed of acrylic evenly diffuses bright LED illumination. Designed for simpler installation and in an aesthetically pleasing silhouette, these practical metal drum shades are offered in Matte White both inside and out, or enhanced by gold or black interiors for reduced glare and stylish design. The series also features a chic Black with Gold interior color combination shade. To round out the collection, all these color options are also made compatible with a pendant accessory that quickly converts the flush mount fixtures into drum shade pendants.

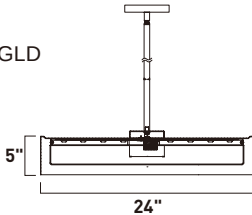

ECHO

- Chic metal shades with internal white acrylic drums available as flush mounted or suspended ceiling light fixtures
- Available in 4 color options: All Matte White, White with Gold interior, White with Black interior, or Black with Gold interior
- 3 sizes available: 13" – 16" – 24"
- LED integrated light sources with both high voltage and range voltage universally dimmable options

RAMPART

Sharp rectilinear metal lines surround a squared LED housing that shines both upwards and downwards, creating an intriguing pattern of light. This collection offers a full range of products that suits exterior and interiors without bounds. Available in a variety of scone sizes, as well as an additional pendant and post mount option, the design is completed in a matte Black finish that complements most settings.

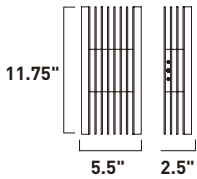

RAMPART

- Corrosive-resistant Aluminum construction
- Squared rods surround LED housing
- Up/Down Lighting
- Dimmable LED light source, 3000K Color Temperature
- Wet Location Rated
- Available as a pendant, post mount, and 3 sizes of wall sconce in Matte Black

GRAVITY

An elliptical shape in Gold finish is illuminated by dedicated LED lighting and secured to a disc in contrasting black finish making a modern silhouette rated for outdoor applications. Suitable for wet locations, the fixture is constructed of corrosive resistant aluminum channel finished in UV-rated outdoor powder coats and sealed within the frame to prevent water intrusion. With an extension less than 4 inches, this attractive sconce series is also inherently ADA compliant for indoor public spaces where needed.

GRAVITY

- Two tone Matte Black and Gold finish
- Constructed of anti-corrosive aluminum channel and sealed for wet locations
- LED integrated, 3000K
- ADA Compliant extension

TOTEM

Zigzag towers of ribbed glass and a textured black frame. The ribbed glass texture is back lit by integrated LED strips housed within that shine bright illumination against a white reflective backdrop. With a 3” extension, these wall sconces add visual interest to your interior or exterior space, and meet ADA requirements for use down corridors and other public spaces.

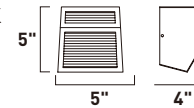

TOTEM

- Sculptural frames in a textured Black finish
- Clear Ribbed glass is backlit
- 4 sizes of pocket sconces ranging from 5” heights to 24”
- LED integrated 3000K
- ADA Compliant

TECTONIC

An enigmatic light source projects from the wall, obscured by two panels with an organic textural relief and split down the center to cast soft ambient light. Open at the top and bottom as well, the light shines both upwards and downwards and signals the source of its illumination through the crevice that it creeps out from. Finished in Matte Black externally, the interior of the sconces are powder coated antique brass to add warmth to the rustic glow. Available in 3 sizes, this ADA compliant sconce series adds mystique to the spaces it's installed.

TECTONIC

- Unique cast aluminum with elevated relief patterns
- Exterior in Black finish, interior in Antique Brass for warm ambient light
- LED integrated, 3000K
- Available in 3 sizes, all ADA compliant extensions
