

PRODUCT DESCRIPTION

Alto brings clean utility and refined detail to bath lighting with a full-length backplate and softly diffused Matte White acrylic lens. The streamlined form delivers even LED illumination while offering a polished solution for both residential and commercial spaces. Its extended backplate adds visual presence and simplifies remodel installations where broader coverage is helpful. Available in Satin Nickel, Polished Chrome, and Black, Alto coordinates easily with common bath hardware. A 5CCT selectable switch allows the color temperature to adjust from warm 2700K to crisp 5000K for flexible project needs.
