

The classic teardrop glass shade is elevated in a luxurious collection of pendant configurations using substantially dense glass that are hand blown in elongated forms and curated into various color combinations. Suspended within the long, slender glass is a similarly long and slender socket to illuminate an energy efficient LED G4 lamp at the base of the glass. The slender tube running within the glass also supports the glass with elegantly flat thumb screws in coordinating finishes. Choose from Matte Black metal with Mirror Smoked glass for a moodier ambience, crystal Clear glass that accentuates the thickness of the glass walls paired with transitional Satin Nickel metalwork, or celebrate the design with effervescent Bubble glass and plated Gold metalwork.
