

PRODUCT DESCRIPTION

Slender Clear glass tubes sheath a Polished Chrome rod that supports small LED lamps. The glass is etched at a dividing line in the glass to softly diffuse the light. Available in two lengths of glass tube, the pendants are also available in multiple configurations that create a modern candle-like cluster. The surface mounted option supports the glass on a structure that allows it to hang freely for dual purpose as a ceiling flush mount or a hanging glass shade when mounted to a wall. JA8 Listed LED G9 lamps are provided for efficient lighting and reduced energy consumption.
