2026 WINTER SUPPLEMENT

GEIST

Geist reimagines 20th-century plasterwork as a sculptural ring crafted from artisan plaster. Integrated LEDs provide both uplight and downlight, creating an atmospheric halo of light. Available in dramatic Black plaster or classic White, Geist blends sculpture with modern technology for minimalist yet expressive spaces.

GEIST

- Artisan plaster ring construction
- Integrated uplight and downlight effect
- Available in Black or White plaster finishes
- New coordinating wall sconce

SCION

Striking and unapologetically sculptural, this series draws inspiration from thorny branches stripped to their essential form. Angular, minimalist limbs extend with sharp, angle-cut terminations, each edge precisely defined and illuminated by integrated LED. The result is a dramatic interplay of light and shadow—organic yet controlled, raw yet refined. Finished in Matte Black or plated Gold, the collection balances nature’s severity with a sleek, cinematic edge reminiscent of Bond-villain modernism. Offered in large and small pendant configurations alongside an elegantly pared-back wall sconce, the design commands attention with confident, architectural presence.

SCION

- Minimalist branching forms inspired by thorny silhouettes
- Seamless Integrated LED within structural tubes with precise, angle-cut terminations
- Available in Matte Black or plated Gold finishes
- Available in multiple pendant scales and a sleek wall sconce
- Sculptural statement design with bold, modern presence

MOONSCAPES

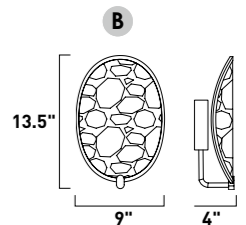

Moonscapes transforms celestial inspiration into a breathtaking installation. Monumental yet ethereal, each irregular panel evokes the cratered lunar surface with dramatic texture. Precision edge-lit LEDs are embedded within a tailored stainless-steel band, guiding soft diffused light across the terrain. The illuminated panels appear to hover midair on near-invisible low-voltage cables, achieving both levity and impact. Engineered for large spaces with architectural ambition, Moonscapes fuses technical mastery with poetic design for an unforgettable focal point.

MOONSCAPES

- Large-scale sculptural lighting panels
- Edge-lit LED technology for soft, even glow
- Suspended on near-invisible low-voltage cables
- New wall sconce

SOUFFLE

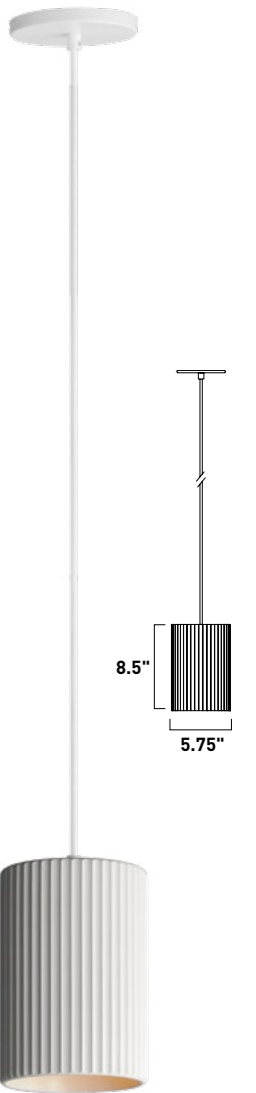

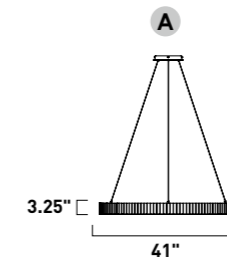

Deep cast-concrete pans with traditional scalloped edges house integrated LEDs behind curved Opal White acrylic diffusers. Classical forms meet the organic texture of concrete, adding character and warmth. Inspired by ramekins, these delectable LED pieces are available in Chalk White, Terra Cotta, and Grey and offered as flush mounts or pendants.

SOUFFLE

- Cast-concrete shades with scalloped edges
- Opal acrylic diffusers for soft ambient light
- Chalk White, Terra Cotta, and Grey finishes
- New flush size and pendant configurations

ALLUMETTE

Allumette transforms the silhouette of a matchstick into a glowing modern sculpture. Hexagonal metal rods in Gold or Black hold faceted crystal fonts that diffuse recessed LED light like cut gems. This collection merges geometric precision with refined materials, delivering understated luxury to contemporary interiors.

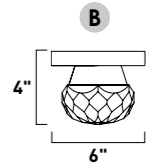

ALLUMETTE

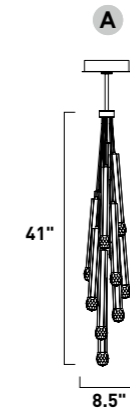

- Inspired by matchsticks with luxe finishes
- Crystal fonts glow with recessed LEDs
- Sleek rods in Gold or Black
- Modern linear design with elegance

HIGHBALL

Minimalist in form and futuristic in effect, Highball uses sleek cylindrical glass shades to create dynamic, ever-changing light. A polished metal LED housing supports the glass and adds a mirrored quality, visually extending the glow along its length. Choose from mirrored Gradient Smoke or Gradient Amber glass for drama, or opt for new Clear and Frosted glass shades in Satin Nickel, Black, or Polished Gunmetal. Versatile and refined, Highball coordinates effortlessly with a wide range of interiors.

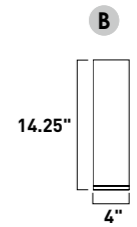

HIGHBALL

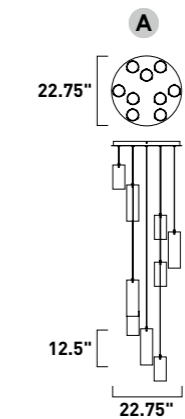

- Gradient smoke or amber cylindrical glass shades
- Mirrored metal housing for dramatic reflection
- Modern, minimalist silhouette for dining or bar areas
- New frame and glass finishes and mini pendant size

PURIST

PURIST

Distilling light to its most refined expression, a slim cylinder with a continuous strip of LED light, is engineered to rotate and direct the light precisely where it's needed. Minimal in profile and packed with functionality and features, each LED module can stand alone or link seamlessly with others to create longer runs of light. Purist Presa introduces a knurled end-cap detail that elegantly integrates the connection point, adding tactile refinement to the system. Available in Black, Satin Nickel, and richly burnished Gold, the collection pairs restrained form with quietly powerful functionality.

- Slim, low-profile cylindrical design with 360° rotatable LED light bar
- Low voltage, modular construction allows multiple units to link for extended runs
- Purist Presa variation features a knurled end cap
- Precision LED illumination ideal for artwork and architectural accents
- Offered in Matte Black, Satin Nickel, and plated Gold finishes

CUBIST

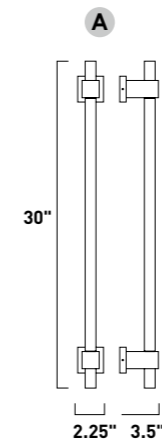

Cubists distills architectural lighting into its purest geometry. Defined by crisp square profiles and clean vertical lines, each fixture presents a confident, minimalist presence with precise illumination held within a sculptural frame. The slim, low-profile design feels intentional and refined, allowing light to appear almost suspended within the structure. Offered as standalone lengths, Cubist brings modern clarity to hallways, bedsides, and above vanities. Available in Matte Black, Polished Chrome, Satin Nickel, and plated Gold, the collection is designed to coordinate effortlessly with contemporary hardware.

CUBIST

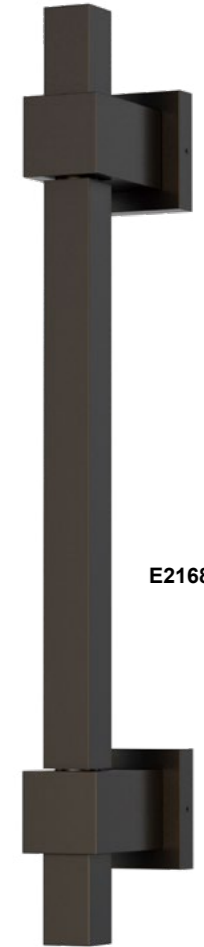

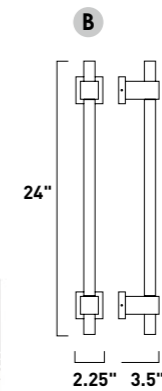

- Slim square-profile design with strong architectural presence
- Standalone fixtures for clean, intentional placement
- Precision LED light source with focused, modern illumination
- Low-profile construction ideal for tight or minimalist spaces
- Multiple finish options to pair with common hardware styles

RUBELLE

A sculptural take on classic form, Rubelle pairs gentle curvature with purposeful design. Its bulbous oval shade is suspended by an arched backplate and adjustable arm, allowing the light to be positioned closer to its subject. The name merges "Rubin" and "Belle"—a nod to graceful proportions and timeless beauty. Whether mounted as a portrait light, vanity fixture, or bookshelf accent, Rubelle offers quiet drama and tailored sophistication.

RUBELLE

- Softly contoured oval silhouette with sculptural presence
- Telescopic arm allows extension to be set anywhere between 8.5"-11.25"
- Gimbal at light source allows upward or downward positioning
- Perfect for vanity lighting, portrait illumination, or integrated into bookshelves
- Dual-mounting backplate with optional 5" square cover plate provided
- Integrated LED light source, 3000K Color Temperature
- 120-277V Input
- 3-in-1 dimming: Triac, ELV, and 0-10V
- Available in Natural Aged Brass and Black

HYPERION

Hyperion balances elegance and simplicity in a refined architectural form. Two sloped metal ends frame a faceted K9 crystal bar filled with delicate air bubbles, creating a luminous jewel-like effect when lit. Available in plated Burnished Gold or outdoor-rated Matte Black, the collection transitions easily from residential to commercial settings. ADA-compliant sconces offer a slim profile ideal for corridors and public areas, bringing a sophisticated glow with a sense of luxury.

CLEO

These compact LED spotlights combine precision engineering with a refined modern aesthetic. A knurled metal cap supports the integrated lens, with an optional anti-glare insert to soften output and enhance comfort. A streamlined ball-and-screw pivot allows smooth directional aiming while keeping the silhouette clean and architectural. Powered by 120–277V commercial-grade drivers, each under-2" fixture delivers strong, consistent illumination. Available in Matte Black, Brushed Aluminum, and Natural Aged Brass, Cleo offers versatility and understated elegance.

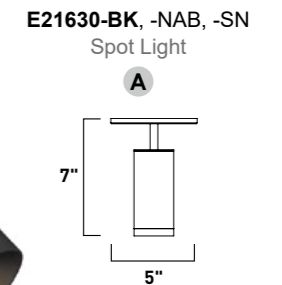

- Knurled metal cap with optional anti-glare lens
- Ball-and-screw pivot for precise aiming
- Compact form factor under 2" diameter
- Commercial-rated 120–277V LED driver

PULLMAN

Pullman offers effortless adjustability in architectural accent lighting. A sleek retractable arm glides from a 90° wall position to a full downward aim with no visible hardware. The precision mechanism allows seamless repositioning for both task and ambient light while preserving a clean silhouette. A slightly recessed LED GU10 lamp in a beveled trim reduces glare and simplifies maintenance. Finished in Natural Aged Brass, Satin Nickel, or Matte Black, Pullman is both functional and beautifully refined.

- Retractable arm adjusts from 90° to 180°
- Hidden hardware for a clean, minimal aesthetic
- Includes LED GU10 lamp with recessed beveled trim
- Available in Natural Aged Brass, Satin Nickel, Matte Black

CAVA

Carved from natural stone, Cava transforms simple forms into luminous sculptures. Each surface-mounted cup cradles an LED source, allowing the material itself to participate in the illumination. Translucent alabaster glows with soft warmth, while travertine offers an earthier expression, its natural voids creating delicate points of light. Minimal in shape yet rich in texture, the collection celebrates the quiet drama of stone and brings artisanal depth to modern interiors.

CAVA

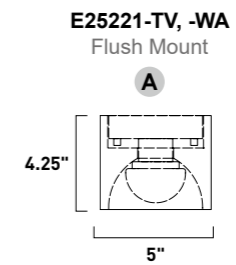

- Natural alabaster or travertine stone options
- Surface-mounted stone cups with integrated LED
- Translucent glow with light through natural voids
- Perfect for luxury residential or hospitality spaces

ELISSE LED MIRRORS

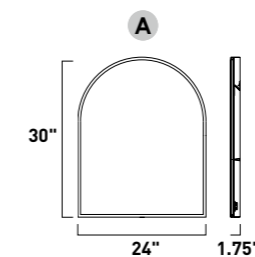

Elisse of Arches and Ovals are finishes in your choice of Black or Gold. The mirrors feature discreet LED channels along their frame. Whereas white acrylic diffusers pair with Gold frame, the Black mirrors are even less conspicuous featuring a black diffuser along the mirror edge appearing as if there is no light source when turned off.

ELISSE LED MIRRORS

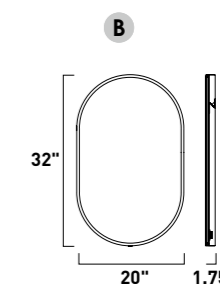

- Elegant geometric LED forms
- Ideal for foyers, dining, or lounge spaces
- New 24" x 36" size option

LUMINANCE

Luminance is a flexible LED mirror system designed for vertical or horizontal installations with virtually endless length. LED light bars, producing up to 50% more light than typical concealed sources, match mirror dimensions and suspend them from the wall. Additional bars can extend mirror runs, separated by light gaps. A remote driver fits standard junction boxes for easy installation. This economical kit configures to fit your space.

LUMINANCE

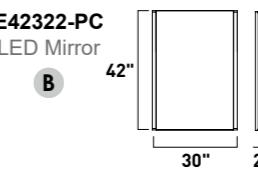

- Configurable LED mirror and light bar system
- Vertical or horizontal installation options
- High-output light bars with remote driver
- New sizes and updated assembly details

FRAMED LED MIRRORS

Designed to elevate everyday restroom spaces, this metal-framed LED mirror pairs refined aesthetics with thoughtful functionality. A slim 2" frosted rectangular light detail is integrated directly into the mirror face, softly backlit to create even, flattering illumination without glare. The durable metal frame adds structure and a tailored architectural presence, while an inconspicuous touch control along the edge allows seamless CCT selection and smooth dimming. Offered in Brushed Black, Satin Nickel, and plated Gold, the mirror coordinates effortlessly with surrounding hardware, delivering a polished, modern lighting solution with lasting performance and style.

FOSSO

FOSSO

Fosso delivers modern minimalism through a bold rectilinear body defined by a sharply angled backlit slit. Designed for outdoor use, the collection comes in 24", 35", and 47" lengths and features a 5CCT selectable switch for on-site color tuning. Finished in Matte Black and fully ADA compliant, Fosso combines a slim profile with a robust 120-277V commercial-grade LED driver, ideal for residential exteriors and demanding commercial façades.

- Sharp architectural light slot in rectilinear form
- Outdoor-rated in three extended lengths
- 5CCT selectable color temperature switch
- ADA-compliant with 120-277V commercial driver

HYPERION OUTDOOR

Hyperion balances elegance and simplicity in a refined architectural form. Two sloped metal ends frame a faceted K9 crystal bar filled with delicate air bubbles, creating a luminous jewel-like effect when lit. Available in plated Burnished Gold or outdoor-rated Matte Black, the collection transitions easily from residential to commercial settings. ADA-compliant sconces offer a slim profile ideal for corridors and public areas, bringing a sophisticated glow with a sense of luxury.

HYPERION OUTDOOR

- Faceted K9 crystal bar with bubble detail
- Sloped metal ends for a tailored profile
- Burnished Gold or outdoor Matte Black finishes
- ADA-compliant sconces suited to commercial corridors

LINE 5CCT

An update to our popular Line series, the Line 5CCT uses a wider profile of aluminum with adjustable color temperatures. Simply toggle between the 5 settings: 2700-3000-3500-4000-500K to suit the space where it is installed. Following the original design's premise, the Line is a straight and flat bar that indirectly casts light indirectly on the surface behind it.

LINE 5CCT

- 5CCT field-selectable LED
- Slim linear profile for modern exteriors
- New 30" length option

SIDELINE OUTDOOR

Sleek architectural lines meet flexible performance. The Sideline Outdoor sconce features a wide, flat aluminum profile that casts light along its sides in a continuous glow. Rated for Wet Locations and finished in durable powder-coat finishes that include Matte White, Black, Architectural Bronze, and Satin Aluminum, the Sideline ensures clean, modern styling for any exterior setting. A plated variation in Natural Aged Brass or Polished Chrome brings the same refined silhouette indoors, see Sideline: Bath Vanity.

SIDELINE
